Villeroy & Boch AG

INTERIM MANAGEMENT REPORT OF THE VILLEROY & BOCH GROUP FOR THE FIRST QUARTER OF 2017

GENERAL CONDITIONS OF THE GROUP

The basic information on the Group as presented in the 2016 Group management report remains unchanged. Information on changes in the consolidated group and on research and development costs can be found on page 12 or page 16 of the notes to the consolidated financial statements respectively.

ECONOMIC REPORT

General economic conditions

The global economy enjoyed a solid start to 2017. The change of government in the USA awakened hopes of substantial economic policy stimulus measures, while the euro zone economy was boosted by the fall in the external value of the euro as well as sustained low interest rates and growth in employment.

The robust expansion of the German economy continued, not least thanks to rising exports and the consistently high level of investment in construction. However, consumer spending declined as purchasing power was hit by rising energy prices. Despite the pessimistic forecasts in the wake of the Brexit referendum, the British economy remained on a stable growth path. The French economy continued to see more muted development.

Economic growth in China remained robust in the first quarter of 2017, driven primarily by stable industrial production and investments in infrastructure and new facilities supported by monetary policy measures. Having been in recession for around two years, the Russian economy also showed initial signs of recovery.

Course of business and position of the Villeroy & Boch Group

The Management Board of Villeroy & Boch AG considers the economic position of the Group to be positive on the whole.

In the first quarter of 2017, we increased our consolidated revenue – both nominal and on a constant currency basis – by 1.4 % to \in 201.2 million. Positive and negative exchange rate effects largely balanced each other out. Exchange rate losses resulted from the pound sterling and the Swedish krona in particular, while we benefited from the positive development of the Russian rouble and the US dollar.

Orders on hand amounted to \notin 94.0 million as at 31 March 2017, a significant increase of \notin 20.1 million as against 1 January 2017. Of this figure, \notin 79.0 million related to the Bathroom and Wellness Division and \notin 15.0 million to the Tableware Division.

We are reiterating our revenue and earnings forecast for the year as a whole on account of our high level of orders on hand in particular.

At the end of the first quarter of 2017, we increased our EBIT by $\notin 0.5$ million or 5.0 % to $\notin 10.5$ million on the back of the strong revenue performance in the Bathroom and Wellness Division. Further information on revenue and earnings development in the two divisions can be found in the following discussion.

The rolling return on net operating assets of the Villeroy & Boch Group improved by 0.5 percentage points to 16.2 % as of 31 March 2017 (31 December 2016: 15.7 %). The Group's rolling net operating assets amounted to \notin 285.8 million at the reporting date (31 December 2016: \notin 292.5 million).

Course of business and position of the divisions

Bathroom and Wellness

We generated revenue (nominal) of € 138.4 million in the Bathroom and Wellness Division in the first quarter of 2017, an increase of 7.1 % as against the previous year. On a constant currency basis, our revenue growth was slightly higher at 7.3 %. The main exchange rate effects resulted from the depreciation of the pound sterling and the Swedish krona, which were offset by the positive development of the Russian rouble and the Norwegian krone. We again improved our performance in our home market of Germany with a substantial revenue growth of 8.6 %. We also generated strong revenue growth in Norway (+22.4 %), Finland (+15.8 %), the Netherlands (+8.7 %) and the United Kingdom (+7.3%) in particular. Revenue in France declined slightly in the first quarter (-2.8 %). In Eastern Europe, we recorded revenue growth of 2.9 %, with a particular good result in Hungary (+19.9 %).

In our growth market China, we again improved significantly with an outstanding revenue growth of 60.7 %.

Thanks to its strong revenue performance, the Bathroom and Wellness Division increased its operating result (EBIT) by \notin 1.2 million or 12.0 % year-on-year to \notin 11.2 million.

The division improved its rolling return on net operating assets to 21.1 % (31 December 2016: 20.6 %). The operating net assets employed in the division declined by \notin 3.5 million as against 31 December 2016 to \notin 205.1 million.

<u>Tableware</u>

The Tableware Division generated revenue (nominal) of \notin 62.8 million in the first three months of 2017, down 9.3 % on the previous year. On a constant currency basis, revenue fell by 9.6 %. This means that positive exchange rate effects, which resulted primarily from the

US dollar and the Australian dollar, outweighed the exchange rate losses from the pound sterling in particular.

Revenue development was affected by our strategy of intensifying our focus on highermargin trade channels, which was initiated in the previous year. We are maintaining this approach in order to improve our revenue quality in the long term. At the same time, our tableware business also felt the impact of the general downturn in visitor numbers at retail stores across Europe.

Among other things, we were faced with lower revenue in Germany (-9.9%) and France (-8.8 %), including due to the closure of unprofitable stores as part of the optimisation of our retail network. By contrast, we recorded revenue growth of 4.6 % on a constant currency basis in the United Kingdom - although the depreciation of the pound sterling meant revenue was down 6.0 % year-on-year in nominal terms. In Eastern Europe, the Tableware Division recorded revenue growth of 2.4 %, with Poland (+11.6 %) and Russia (+5.8 %) enjoying especially strong performance. Revenue in our growth market of China increased by 12.6 % year-on-year, while revenue in the USA declined by 10.8 %.

The lower revenue volume compared with the previous year meant that the Tableware Division opened the 2017 financial year with quarterly EBIT of \notin -0.7 million (previous year: \notin 0.0 million).

The rolling net operating assets of the Tableware Division amounted to $\notin 80.7$ million as of 31 March 2017, down on the figure of $\notin 83.9$ million as of 31 December 2016. The return on net operating assets fell by 0.6 percentage points as against 31 December 2016, amounting to 13.0 % at the reporting date.

Capital structure

Our equity declined by \notin 7.4 million as against 31 December 2016, amounting to \notin 165.2 million as of 31 March 2017. The change in equity was attributable primarily to the dividend paid by Villeroy & Boch AG in the amount of \notin 13.3 million in March 2017, which was partially offset by the Group result of \notin 6.4 million in the first quarter of 2017. At 25.6 %, our equity ratio was up slightly compared with 31 December 2016 (25.5 %).

Investments

We made investments totalling \in 3.0 million in the first quarter of 2017 (previous year: \in 2.4 million). The Bathroom and Wellness Division accounted for \in 2.3 million, with the remaining \in 0.7 million attributable to the Tableware Division.

In the Bathroom and Wellness Division, the majority of the investment volume related to the acquisition of new facilities for our production site in Mettlach and the optimisation of our logistics centre in Losheim.

In the Tableware Division, we invested primarily in the acquisition of new production tools.

At the reporting date, the Group had obligations to acquire property, plant and equipment and intangible assets in the amount of $\notin 8.4$ million. Our investments are financed from operating cash flow.

We are continuing to forecast an investment volume of more than € 35 million for 2017 as a whole.

Net liquidity

Our net liquidity amounted to \notin 41.3 million as at 31 March 2017, a decrease of \notin 19.4 million as against 31 December 2016. In particular, this reflects seasonal effects such as the dividend payment as well as the annual payment of customer bonuses and variable performancebased remuneration.

By contrast, net liquidity increased by $\notin 35.8$ million compared with the same point of the previous year (31 March 2016: $\notin 5.5$ million), thereby underlining our sustained success in the area of working capital management.

Balance Sheet structure

Total assets amounted to \notin 645.4 million at the end of the reporting period compared with \notin 676.3 million as of 31 December 2016. The reduction in total assets meant that the share of total assets attributable to non-current assets increased to 32.8 % (31 December 2016: 31.7 %).

Current assets fell by $\notin 27.5$ million as against 31 December 2016. In addition to the largely seasonal reduction in cash and cash equivalents, current assets declined following the settlement in February 2017 of the purchase price receivable for the sale of a section of our former tableware plant in Luxembourg to the City of Luxembourg in late 2016.

On the equity and liabilities side of the balance sheet, the main changes compared with yearend 2016 related to the reduction in current provisions for personnel, other current liabilities and income tax liabilities.

REPORT ON RISKS AND OPPORTUNITIES

The opportunities and risks described in the 2016 annual report remain unchanged. There is no evidence of any individual risks that could endanger the continued existence of the Group.

OUTLOOK FOR THE CURRENT FINANCIAL YEAR

At the end of the first three months, we are still anticipating restrained global economic momentum for 2017 as a whole. In the euro zone, the moderate overall pace of expansion is set to continue. At the same time, there are a number of uncertainties and political risks, particularly with respect to the forthcoming negotiations on the United Kingdom's withdrawal from the European Union and the unpredictable economic and trade policy of the new US government. The expansion of macroeconomic production in China is set to remain robust thanks monetary and fiscal policy stimulus to measures. We expect the Russian economy to continue to stabilise, although there are still no signs of a sustained, more pronounced upturn. In light of the course of business in the first three months of the year and taking into account all of the available market estimates, the Management Board of Villeroy & Boch AG is continuing to forecast an increase in consolidated revenue of between 3 % and 5 % for the 2017 financial year as a whole. In terms of our earnings performance, we are still forecasting EBIT growth of between 5 % and 10 %. Our return on net operating assets in 2017 is expected to be higher than the prior-year level of 15.7 %. We are confirming the forecasts made in the 2016 Group management report.

<u>NOTES TO THE INTERIM FINANCIAL STATEMENTS OF</u> <u>THE VILLEROY & BOCH GROUP FOR THE FIRST QUARTER OF 2017</u>

GENERAL INFORMATION

Villeroy & Boch AG is domiciled in Mettlach and is a listed stock corporation under German law. It is the parent company of the Villeroy & Boch Group. The Group is divided into two operating divisions: Bathroom and Wellness, and Tableware. Villeroy & Boch's preference shares are listed in the Prime Standard operated by Deutsche Börse AG.

This interim report covers the period from 1 January to 31 March 2017. It was approved for publication on 18 April 2017 after the Management Board discussed the interim report with the Audit Committee of the Supervisory Board. It was prepared in accordance with section 315a of the German Commercial Code (HGB), applying the IFRS regulations as endorsed by the European Commission. These condensed interim financial statements have not been audited or reviewed by an audit company. In the opinion of the Management Board, these interim financial statements provide a true and fair view of the net assets, financial position and results of operations of the Group. The interim report includes condensed consolidated financial statements with selected explanatory notes in accordance with IAS 34. For this reason, it should be read in conjunction with the consolidated financial statements as at 31 December 2016. These can be ordered in the Investor Relations section of the website at www.villeroyboch-group.com.

In the period under review, the accounting and consolidation methods described in the 2016 Annual Report were extended to include the accounting standards endorsed by the EU and applicable to reporting periods beginning on or after 1 January 2017. None of these changes had a material impact on this interim report.

Basis of consolidation

The basis of consolidation of the Villeroy & Boch Group consists of 53 companies (31 December 2016: 53 companies).

Dividend paid by Villeroy & Boch AG for the 2016 financial year

The General Meeting of Shareholders on 24 March 2017 approved the dividend of \notin 0.48 per ordinary share and \notin 0.53 per preference share as proposed by the Supervisory Board and Management Board of Villeroy & Boch AG. The distribution corresponds to a dividend payment of \notin 6.7 million for the ordinary share capital (previous year: \notin 6.2 million) and \notin 6.6 million for the preference share capital (previous year: \notin 6.0 million). The dividend was paid on 29 March 2017. As in the previous year, the Villeroy & Boch Group held 1,683,029 preference treasury shares at the distribution date. These shares were not entitled to dividends.

Seasonal influences on business activities

Owing to Christmas business, the Tableware Division habitually expects to generate a higher level of revenue and operating result in the fourth quarter than in the other quarters of the year.

NOTES ON SELECTED ITEMS OF THE CONSOLIDATED BALANCE SHEET

1. Property, plant and equipment

Property, plant and equipment amounting to $\notin 2.7$ million was acquired in the period under review (previous year: $\notin 2.0$ million). Investments in the Bathroom and Wellness Division focused on Germany. In particular, new facilities were acquired for the sanitary ware plant and the logistics centre was optimised. New pressing tools were acquired in the Tableware Division. Depreciation amounted to $\notin 6.3$ million (previous year: $\notin 6.3$ million). As at the end of the reporting period, the Villeroy & Boch Group had obligations to acquire property, plant and equipment in the amount of $\notin 8.3$ million (31 December 2016: $\notin 5.5$ million).

2. Inventories

Inventories were composed as follows as at the end of the reporting period:

| in € million | 31/3/17 | 31/12/16 |
|-------------------------------------|---------|----------|
| Raw materials and supplies | 21.5 | 20.9 |
| Work in progress | 16.4 | 16.3 |
| Finished goods and goods for resale | 104.2 | 104.2 |
| Inventories (total) | 142.1 | 141.4 |

In the period under review, impairment losses on inventories increased by \notin -1.1 million to a total of \notin -17.2 million.

3. Trade receivables

Trade receivables are broken down as follows:

| by customer domicile / in € million | 31/3/17 | 31/12/16 |
|--|---------|----------|
| Germany | 29.6 | 23.7 |
| Rest of euro zone | 27.8 | 29.4 |
| Rest of world | 62.4 | 66.0 |
| Gross carrying amount of trade receivables | 119.8 | 119.1 |
| Write-downs | -3.5 | -3.1 |
| Trade receivables (total) | 116.3 | 116.0 |

4. Other current and non-current assets

Other non-current and current assets developed as follows in the period under review:

| in € million | 31 | ./3/17 | 31/12/16 | | |
|---|---------|-------------|----------|-------------|--|
| | current | non-current | current | non-current | |
| Other tax receivables | 10.0 | - | 10.7 | - | |
| Prepaid expenses | 3.2 | | 2.1 | | |
| Change in fair value of hedging instruments | 2.7 | 1.3 | 2.7 | 1.3 | |
| Advance payments and deposits | 1.6 | 2.0 | 1.1 | 2.0 | |
| Miscellaneous assets (a) | 8.2 | | 22.8 | | |
| Other assets (total) | 25.7 | 3.3 | 39.4 | 3.3 | |

(a) In the first quarter, the City of Luxembourg paid the purchase price of € 14.3 million for the acquisition of a section of our former tableware plant in Luxembourg that was agreed on 15 December 2016.

5. Cash and cash equivalents

Cash and cash equivalents are composed as follows:

| in € million | 31/3/17 | 31/12/16 |
|-----------------------------------|---------|----------|
| Cash on hand incl. cheques | 0.4 | 0.4 |
| Current bank balances | 27.7 | 41.2 |
| Cash equivalents | 67.1 | 69.6 |
| Cash and cash equivalents (total) | 95.2 | 111.2 |

The \notin 16.0 million decrease in cash and cash equivalents is attributable primarily to seasonal effects such as the dividend payment of \notin 13.3 million and the payment of customer bonuses (see note 8) and variable remuneration for 2016. This was offset in particular by the payment received for the sale of a section of our former tableware plant in Luxembourg (see note 4). Bank balances were offset against matching liabilities in the amount of \notin 16.7 million (31 December 2016: \notin 14.6 million). Cash is held at banks of good credit standing that are predominantly a part of a deposit protection system.

6. Revaluation surplus

The revaluation surplus comprises the reserves contained in "Other comprehensive income":

| in € million | 31/3/17 | 31/12/16 |
|---|---------|----------|
| Items to be reclassified to profit or loss: | | |
| Currency translation of financial statements of foreign group companies | -3.2 | -1.6 |
| Currency translation of long-term loans classified as net investments | | |
| in foreign group companies | -2,8 | -3.5 |
| Change in fair value of cash flow hedges | 2.7 | 3.1 |
| Valuation results on securities | 0.0 | 0.0 |
| Deferred taxes for this category | -4.9 | -4.5 |
| Sub-total (a) | -8.2 | -6.5 |
| Items not to be reclassified to profit or loss: | | |
| Actuarial gains or losses on defined benefit obligations | -94.2 | -95.8 |
| Deferred taxes for this category | 27.8 | 28.2 |
| Sub-total (b) | -66.4 | -67.6 |
| Total revaluation surplus [(a)+(b)] | -74.6 | -74.1 |

7. Current and non-current provisions for personnel

Non-current provisions for personnel only changed to a minor extent. The change in current provisions for personnel is mainly due to the payment of variable remuneration components for 2016.

8. Other current and non-current liabilities

Other non-current and current liabilities are composed as follows:

| in € million | 31/3/17 | | 31/12/16 | |
|--|---------|-------------|----------|-------------|
| | current | non-current | current | non-current |
| Bonus liabilities (a) | 25.2 | | 42.6 | |
| Personnel liabilities (a) | 22.7 | 0.2 | 19.1 | 0.3 |
